DNA Netti Huoleton 2000M	46,99 €/month

Prices valid until further notice. Activation fee or switch to a lower speed or to a higher speed 9,99 €.

Additional services for online subscribers at a low rate

As an advantage of subscribing the DNA Netti Huoleton extra speed, residents can easily order other online and TV services according to their own needs. Choose DNA viihdeboksi, which is the heart of home entertainment and bring it affordable DNA Matkanetti Huoleton 4G subscription. With DNA Digiturva, you get data security for all your home devices.

There are low-cost campaigns (preferential prices) for all these products for housing company customers all year round.

DNA viihdeboksi – all entertainment in one box!

With the DNA viihdeboksi you can get the most out of your TV. The box has all the entertainment you want in one place: TV channels, your own recordings, Google Play apps, streaming services and a rental store with top-class sound and picture quality. The Chromecast feature allows you to share content, and Dolby Atmos surround sound creates a movie theater feel at home. The service includes unlimited online record for an additional fee.

Prices include VAT, unless otherwise stated. DNA Plc reserves the right to make changes to the information.

DNA Matkanetti Huoleton 4G

As an advantage of subscribing the DNA Netti Huoleton extra speed, you can get Matkanetti at a housing company customer's discount rate for a tablet or mobile modem alias mokkula. The DNA Matkanetti Huoleton 4G service includes a fast internet connection that works throughout Finland via the included sim card.

DNA Digiturva

DNA Digiturva is a comprehensive service for ensuring the digital security of the entire family. Use DNA Digiturva to keep you safe from digital security threats and protect your devices, personal data, online banking and surfing, easily with just one service.

In addition to a **DNA Netti Huoleton** subscription, you will need a modem for your home. If your housing company's broadband uses an Ethernet cable and you want to share Internet access between several devices, DNA recommends the DNA router for Ethernet households. Additional information regarding modems: dna.fi/modeemit (in Finnish)

DNA's general terms and conditions of contract and special terms apply to the subscription.
